PETITION AGAINST RULE

RECEIVED
JAN 7 1992
FCC MAIL ROOM
BRANCH

I, Robert D James, N6ZOF, hereby submit
my request to the Federal Communications
Commission to NOT take action on this
Petition For Rule Making, as submitted
by the American Radio Relay League.

introduced to the 1.25 Meter Bands
and have been active on it every since
I obtained my tech. license from F.C.C.
I have experienced many incidences
and have participated in many, such as
contests and other activities.

Friends, while traveling in the
community, for safety and welfare
purposes as well as enjoyment.
I do have many dollars invested
in radios and equipment and many
hours spent getting on the air.

December 9, 1991

BOB JAMES, N6ZOF
7661 CARBON CI.
LA PALMA, CA 90623

Dear Bob,

On December 3, 1991, the Long Beach Police Department was notified of the possible kidnapping of a young girl from the area of Wilson High School. The Police activated HAM1, in addition to MERC1, Search and Rescue, and MOC1. A call was broadcasted from HAM1 for assistance and you, along with your fellow Amateur Radio Operators, immediately responded to the area and assisted us in a search for the girl and the suspect. Although the kidnapping was later determined to be unfounded, the suspect was also wanted for lewd conduct.

We would like to take this opportunity to recognize the efforts of all thirty-four "Hams" who took time from their own families to participate in an emergency call out. Your quick response and professional attitude on the radio was an excellent example of community involvement in the time of need.

Again, thank you Bob for your support. You can be proud of your participation through the Amateur Radio Emergency Service (ARES).

Sincerely,

Lawrence L. Binkley
Chief of Police
